Chapter I

1 GMDC:

Gujarat Mineral Development Corporation Limited (GMDC), a Government of Gujarat Enterprise, is a pioneer organization in the field of mining for more than three decades, catering to the needs of the minerals and solid fuel for the industries based in and outside Gujarat. GMDC's mining activities are spread over in Kutch, Jamnagar, Bharuch, Baroda and Banaskantha districts of the State. It is currently dealing in minerals like Bauxite, Fluorspar, Ball Clays, Silica sand and Lignite. The Corporation has also 250 MW lignite based Thermal Power Station at Nani Chher in Kutch, The Corporation has annual turn over of about Rs. 1226 Crores,

In the year 1940 to 1950, Umarsar lignite deposit was initially explored by Geological survey of India at grid interval of 400 met X 400 met . Later on GMDC has carried out confirmatory exploration work as per requirement mostly on grid interval of 250 met X 250 met. The geological assessment was carried out on these exploration work and exploitation work was allotted to private mining contractor, During the actual mining work because of erratic nature of deposit and irregular thinning and thickening behavior of lignite seams some geological abnormalities were observed and as such re assessment of geological model with close space drilling (100 met X 100met) data has become essential.

2 DESCRIPTION OF THE WORK AND LOCATION :

The current exploration work is in existing lignite mining lease area of Umarsar, taluka Lakhpat of Kutch district

The Contractors agrees that the rate submitted shall remain valid for acceptance for a period of 180 days from the date of the opening of the tender.

Other important instruction to Contractors

1 Location of bore hole :

GMDC will provide bore hole location plan , The Contractor has to fix up the bore hole on site In case the proposed borehole location are in private land, the Contractor has to make his own arrangement for drilling of borehole in private land. it is sole responsibility of the Contractor to drill the boreholes in private land

The Contractor has to make his own arrangement for approach road, availability of land, clear entry, exit and transit at the place of work/borehole location

2 Rate quotation of work

- a). The Contractor has to quote single rate for exploration in Rs. per running meters for all depth & formation in given price bids.

The Contractor shall quote rates inclusive of all applicable taxes except service tax as per format of price bid.

Possible nature of rock type in the proposed exploration areas is lignite, different types of Clay , Shale , friable Sand Stone, Conglomerate & sandstone etc.

Service Tax, **if applicable** and payable by the Contractor, shall be reimbursed by GMDC at actual subject to submission of documentary proof of having remitted / adjusted the Service Tax and to the extent directly related to the services rendered by the Contractor under the contract. This shall be subject to submission of documentary proof clearly mentioning the name of work and respective RA Bill No.

Qualifying Criteria

1. Experience

The Contractor should have following minimum experience of having successfully completed similar work during last 7 years up to 31/03/2016.

- Three similar completed each work having total 2000 mtrs core drilling annually
or
- Two similar completed each work having total 2500 mtrs. of core drilling annually
or
- One similar completed work having quantity of 4000 mtr. of core drilling annually.

(Similar work means core drilling experience in any type of formation)

2. Possession of drilling machine

Minimum 2 nos of hydraulic drilling machine having capacity to drilled up to 100 mtr. along with required accessories. Contractor has to submit documentary evidence clarifying ownership of the drilling machine along with technical bid .

3. Technical employee

Minimum one Geologist having MSc/M.Tech degree. Contractor has to submit documentary evidence clarifying employment details of the Geologist with contractor/consultant along with technical bid

4. Average Annual turnover of the company in last three years

15 lakhs, Contractor has to submit copy of the audited balance sheet along with technical bid

The Contractor must have sound financial position so as to buy and deploy additional machinery so as to meet the targets It will mean that the latest audited balance sheet of the Contractor must show its net-worth equal to 30% of the cost of additional machinery which the Contractor proposes to buy on award of the contract. A certified copy of the balance sheet and copies of the

documentary proof for the cost of such machinery must be attached with the technical bid.

5. Alternatively, the Contractor may produce an original copy of the agreement signed with some other individual(s) / party(ies) forming a Joint Venture Company, who would carry out the contract and the JVC parties should jointly own the require numbers of drilling rigs and should jointly have net – worth equal to 30% of the cost of the additional machinery required to be contract work .
6. The Contractor should clearly state its status and submit duly attested supporting documents

7. Joint Venture:

Since , this is limited work of only 5000 meters , No Joint Venture is applicable.

8 ACCEPTANCE OF GENERAL TERMS AND CONDITIONS:

The Contractor should unconditionally accept all the terms and conditions of the contract by signing on each page of the technical bid document of the tender including annexures.

9 EMD

The Contractor should enclose separate crossed demand draft in favour of GMDC payable at Ahmedabad from banks approved by Govt. of Gujarat from time to time (except Co-operative Bank) in the form and manner acceptable to the Corporation worth Rs. 1.25 lakhs (Rupees one lakh twenty five thousand only) towards Earnest Money Deposit along with the documents of technical bid in the cover so super-scribed. In absence of the DD for EMD or inadequate amount of EMD, the offer will be rejected.

10 DECLARATION

The Contractor should give a declaration along with the technical bid that it has not enclosed any conditional offer.

CHAPTER – 5

Scope of Work

Gujarat Mineral Development Corporation (herein after referred to as GMDC proposes to carry out exploration work by hiring of Diamond core drilling rigs to explore in Kutch district with the following terms and conditions.

1 SCOPE OF WORK

1.1 Exploratory Drilling :

- (a) The Contractor will ensure availability of adequate numbers of Diamond Core drilling rigs with necessary accessories and Manpower and other ancillary equipment for Exploratory core drilling with NX / BX size & Ax size if required.

The proposed drilling locations is lignite mining lease area of Umarsar lignite mines taluka Lakhpat of Kutch district

- (b) The drill holes will be Vertical.
- (c) **The drill hole depth will be varying from 20 meters to 55 meters.**
- (d) The core recovery in all the formation should be at least 85 %. This will not apply in loose sand or it's equivalent formation.

1.2 Survey Work :

GMDC will provide the proposed bore hole location plan of all the areas to be covered under exploration. and location (on plan & Field) of minimum two bench marks with RL and co ordinates within close proximity of area of Exploration.

The contractor has to make Its own arrangements to fix – up the proposed bore hole location on the site. They will also determine the Reduce Level and Co – ordinates of all the bore holes.

In case of the bore hole location shown on plan is not feasible on ground, the alternative location should be decided in consultation with GMDC Geologist.

1.3 Core Logging :

The Contractor shall adopt Standard procedures of Geological core logging which include details of Lithology ,Thickness, Grain size , Colour and Megasopic Characters and other related details.

The Water table observation of each completed bore hole and loss of Water if any during the drilling work should be part of the core – logging.

The Contractor has to submit all the original logging registers to GMDC after completion of the work.

1.4 Sampling:

The Contractor has to collect samples of all the economical minerals encountered during drilling operations

The lignite and Carbonaceous material samples would be packed in to polyethylene tubes immediately after drilling to avoid the loss of initial moisture. The contractor has to take initial In – situ moisture reading on the site ,. with help of suitable instruments.

There will be one lignite / limestone sample for every 1 meter run of lignite / limestone seam thickness. Each sample should be crushed in desirable mesh and after conning & Quartering final sample should be prepared.

The selected recovered core and sludge shall be arranged properly in wooden core boxes of 1 m long with 6 riffles covered with wooden lid . Each run shall be marked properly by Plastic tag and the core boxes shall be numbered properly .The contractor will have to make arrangements for core boxes at his cost. The Contractor will hand over all the collected samples and selected core Boxes to GMDC at desired location for further Physical , Chemical and Geo Technical analysis work.

The sampling should be carried out in presence of site Geologist .

1.5 Bore hole depth :

Maximum depth is 55 meters and bore holes will be drilled up to older formation or may be closed as per the instructions of Site Geologist.

1.6 Exploration Report :

The Contractor has to Submit exploration report (3 hard copies and 1 soft copy (i.e. CD)) in following documents :

1. Key plan
2. Location of B/H on cadestal plan / lease plan
3. Lithologs of the drilled boreholes.
4. Table – A showing concise lithology of all the bore holes.
5. Table – B showing OB thickness , IB thickness and lignite thickness along with lignite to OB ratio.
6. Reserve Calculation as per UNFC and related map
7. Analysis data frequency distribution.

The Contractor has to submit final exploration report within months period after submission of full analysis data from GMDC

1.6 GMDC responsibility :

To provide bore hole location plan

To provide analysis data for all collected samples during exploration work for exploration report writing work

The Contractor responsibility : In addition to above scope of work following are additional responsibilities

In case the proposed borehole location are in private land, the contractor has to make his own arrangement for drilling of borehole in private land. it is sole responsibility of contractor to drill the boreholes in private land

The Contractor has to make his own arrangement for approach road, availability of land, clear entry, exit and transit at the place of work/borehole location

The Contractor has to provide weekly/monthly progress report and respect of drilling and sampling.

After completion of drilling contractor have to seal (plug) each borehole and shall construct and erect pillars of standard sizes with borehole number.

Site preparation supply of diesel, lubricant, tools tackles drilling machineries, transportation of manpower to the drilling site, lodging and boarding

2. General scope of Services :

The Contractor shall mobilize all the equipment's for the drilling within the time schedule.

The Contractor shall deploy his own manpower for the satisfactory completion of the entire scope of work

The Contractor shall make his own arrangement for shifting the drilling rigs to new location / site at his own cost.

The Contractor shall arrange the wooden core boxes for preserving the core at his own cost.

The Contractor shall make his own arrangement for diesel , Lubricants , all other consumables , power , Camping , Transportation Etc. .

3 DURATION AND QUANTITY OF WORK

(a) The period of the contract and quarterly target will be as Under

Offer for	Time Period of the work	Maximum monthly drilling target in meters
5,000 meters (max)	Three months (Maximum)	5000 meters

c) Total drilling should not be more than 5,000 meters

However GMDC reserves the right to increase or decrease the quantum of the work with advance intimation to the contractor.

GMDC reserves the right to split the work between more than one Contractors without assigning any reason thereof.

4. RATES:

(a) The Contractor has to quote single rate for exploration in Rs. per running meters for all depth & formation in given price bids. **The contractor has to quote rates inclusive of all applicable taxes except service tax as per format of price bid.**

(b) Rate quoted shall remain valid for 180 days from the date of opening of the technical bid, which shall have to be extended unconditionally for further maximum of period 60 days, as deem fit by GMDC

- c) The firm rate quoted by the Contractor shall be valid for the entire currency of the contract. No escalation in the rates will be allowed on any account.
- e) **The rates quoted by the bidder shall be free from corrections and over writings. Tenders containing over writing, erased rate(s), corrections or illegible rates shall be liable for rejection.**

5 EARNEST MONEY DEPOSIT :

- (a) A non-interest bearing Earnest Money Deposit of Rs. 1,25,000 /- (Rupees one lakh twenty five thousand only) shall be paid along with the tender, and enclosed with **Technical Bid** documents in seal cover superscribed "**TECHNICAL BID**", in form of Crossed Demand Draft in favour of GMDC. payable at Ahmedabad from Nationalised or Scheduled bank (not being Co-operative). Or
Bank Guarantee issued by Nationalised or IDBI,ICICI, Axis, HDFC banks only in India valid for a period of not less than 3 (three) months beyond the proposed validity of bid.
- (b) Any pending dues against invoice or any other deposit lying with the GMDC will not be adjusted against Earnest money deposit, Any tender submitted without Earnest Money shall be summarily rejected and no claim shall be entertained on such rejected tenders.
- (b) The Contractors will be refunded the EMD amount by way of crossed cheque within 15 days of finalisation of the tender. In case of Bank Guarantee the same shall be returned in original.
- (c) The EMD of the Contractors (the Contractor) shall either be adjusted as a part of security deposit, if desired by the Contractor or shall be refunded by way of crossed cheque on receipt of security deposit amount
- (d) If the contractor does not accept the work order issue by GMDC then EMD amount paid by the Contractor will be forfeited.

6 SECURITY DEPOSIT

- (a) The Contractor shall pay security deposit @ 5% of the total contract value in the following manner.
 - i. 2.5% of the total contract value (including EMD) before the commencement of the contract work in form of a Crossed Demand Draft in favour of GMDC. payable at Ahmedabad or a Bank Guarantee, from banks approved by Govt. of Gujarat from

time to time (Except Co-operative Bank) in the form and manner acceptable to the GMDC.

- ii. The balance 2.5 % amount of the Security Deposit will be recovered from Contractor's Running Account Bills by deducting it at a rate of 5% of RA bill amount and built up till the full amount of SD is realized
- b) Security deposit shall not bear any interest.
- c) It shall be refunded to the Contractor, within a period of three months after satisfactory completion of the work and removal of equipment, tools tackles, camp site etc, and the due fulfillment of all the terms and conditions of the contract including submission of final exploration report. The Contractor shall obtain a certificate to this effect from the General Manager [Project] / Project-in-Charge Site Geologist and shall submit the same to the General Manager [Geo] at Ahmedabad who after verification of the fact will arrange for refund of SD.
- d) GMDC will reserve the right to recover the charges or the penalty from the Security Deposit in the following circumstances-
 - i. If the Contractor or its employees causes any damage or destroy any property belonging to GMDC / GMDC .

11 MEASUREMENTS

Measurements of quantum of work (i.e in meter) drilled by drill machine will be carried out in presence of an authorized representative of the contractor and Geologist at site in charge deputed from GMDC for look after the entire work and will also certify the same.

This measurement shall be final and binding to the contractor.

12 LIQUIDATED DAMAGES(L.D.)

1. If the Contractor fails to mobilize the machinery and manpower to commence the work within (15) days of receipt of LOI, liquidated damage @ Rs. 10,000/- per day shall be leviable, for a maximum period of 15 days. If the Contractor fails to start work even after 15 days, the GMDC will be free to take any action including forfeit of EMD and termination of LOI at your cost and risk.

The Liquidated damages shall be leviable after end of every month on the shortfall in the quantity of meterage to be drilled specified in respect of that month target, counted from the date of commencement of work till the relevant RA Bill period, at the following rates

Cumulative Shortfall till the Running Account Bill Period	Rate for Liquidated damages for shortfall quantity
Up to 5% of the prescribed cumulative quantity	2 % of the quoted rate
More than 5% up to 15% of the prescribed cumulative quantity	5 % of the quoted rate
More than 15% of the prescribed cumulative quantity	7 % of the quoted rate

- a) The obligation to strictly comply with the specified monthly quantity i.e. the quantity specified in respect of the particular month in the monthly schedule is fundamental requirement and obligation of the Contractor.
- b) Shortfall in the targeted quantity shall be reviewed on cumulative target basis at the end of each running account bill period so that the Contractor can recoup and recover the shortfall, if any, during the month of the respective RA bill period.
