Clause 12.3 – Section 2	The sum total of the price quote for the Part 2 of the Scope of Work i.e. Operation and Maintenance Cost shall not be less than 20% of the quoted Capital Cost by the Bidder. In case of any findings during assessment of Price bids by the Authority substantiates the inclination or intention of the bidder for front loading of the entire Project Cost, the Authority reserves right to reject such bid summarily	O&M may be capped at a maximum of 10% as opposed to the current 25% (approximately) of the execution cost as the job is to be executed on a very conservative budget for a fairly large area.
