Business Operations

◆ An Insight from the Business Pioneer Mr. Roopwant Singh, IAS, Managing Director GMDC Ltd. :

GMDC has participated as a state partner for Fortune India “The Next 500” event & award ceremony held on 07 July 2023 at ITC Maurya, New Delhi. Managing Director GMDC, Sh. Roopwant Singh, IAS had participated in the Panel Discussion “ The Big League “ in the event.

The heads of different industries, during Fortune India's 'TheNext500' event and award ceremony, shared their ideas and insights on what it takes to make it into "The Big League" of companies in India, their expansion plans, and territories they are eyeing to tap into.

MD, Gujarat Mineral Development Corporation, talked about factors that propelled growth at GMDC. *"We had two very critical years. There was a huge demand for the products we produced. Before that, we were not able to ramp up production. The team rose and we ramped up production, and priced our product depending on capacity so it gets absorbed. A*

lot of hard work and smart work."

He also talked about considerations of the company behind capital allocation. *"A mining company will not be able to make money unless it spends. If you want to grow fast, you'll have to spend aggressively."*

Further he added: *"A business case is made and we just move ahead. Our Capex plans for this year are Rs 3,000 crore. Whatever we did in the past is based on lignite, we have now moved into coal. The capacity that'll come from coal is going to be two-and-a-half of what we have in lignite."*

Our CSR: Connecting with the Society

◆ Paving way of Quality Education:

GMDC-GVT, in its unwavering commitment to education and community development, has embarked on a noteworthy initiative to distribute notebooks to the village students. The program encompasses a wide geographical reach, spanning across various project locations, and is expected to benefit more than 25,000 students. This commendable effort aims to provide educational resources and support to the communities in which GMDC operates.

By ensuring that each student has access to quality notebooks, GMDC-GVT strives to enhance the educational experience of these young minds and contribute to their academic success.

◆ Project Samarthya :

GMDC-GVT is proud to announce the grand inauguration and inception of first batch of CNC Turning Operator course at the GMDC-Samarthya Skill Training Center near Bharuch!

Under our Corporate Social Responsibility (CSR) Project, GMDC, GVT, and Aspire Skills Foundation have come together to establish this state-of-the-art facility, aimed at empowering individuals with essential skills and transforming lives.

The GMDC-Samarthya Skill Training Center is a testament to our shared vision of creating opportunities for skill development and driving societal progress. Through this collaboration, GMDC-GVT strive to provide comprehensive vocational training in CNC Turning Operator and Solar Technician Course, equipping participants with the knowledge and expertise needed to excel in their chosen fields.

GMDC-GVT firmly believes that skill development is key to unlocking potential, building a skilled workforce, and fostering economic growth. Together, we are committed to empowering individuals, enabling them to lead self-sufficient lives and contribute to the nation's development. Together, we can create a powerful impact on the community, opening doors to a brighter future for all.

◆ **Conserving Resources for a sustainable Future:**

Supporting the Sujalam Sufalam Jal Sanchay Abhiyan, GMDC-GVT has been instrumental in water conservation around its operational sites. Deepening and widening works of checkdams of Bhuteshwer Village in Bhavnagar District has fostered a sustainable future for the communities.
