## Business Operations

- GMDC Performance Highlights 2024-2025**

GMDC Accelerates Mineral Supply for a Growing India - In FY 2024–25, GMDC registered strong momentum in the supply of key minerals like Lignite and Bauxite, reinforcing our role in powering industry and infrastructure. With a focus on reliability, sustainability, and public value, we continue to serve the energy and manufacturing needs of the nation through consistent and responsible mining.

- Fostering transparency and community engagement, through Public Hearings**

Two Public hearings were conducted on 22.04.2025 and 24.04.2025 for GMDC’s Valia Lignite and Damlai Lignite Projects under the Chairmanship of Sh. Gaurang Makwana, IAS, Collector & District Magistrate Bharuch and co-ordinated by Shri VD Rakholia, Regional Officer – GPCB, Ankleshwer. The marathon meeting was attended by people of core and buffer zone villages. The discussion and deliberation was conducted for around 8 hours. The environmental suggestive measures were deliberated. The villagers have also requested for more CSR activities related to health, education & skill development and employment for the people of this area.

- **Forging the promising pathways at Odisha**

In the heart of Odisha, where the land holds the promise of tomorrow, GMDC is forging new pathways of progress. Our expansion into coal mining in Odisha marks more than just a new venture; it signifies a deeper commitment to empowering economies, energizing industries, and enriching lives. By responsibly exploring the state's abundant resources, we are helping to build a foundation for sustainable development — creating opportunities that extend from mines to markets, and from aspirations to achievements. With every initiative, GMDC stands alongside Odisha's journey towards a stronger, more vibrant future, contributing to the energy needs of a growing nation while nurturing the dreams of its people. Together, we are turning potential into prosperity, and possibilities into lasting progress.

## Our Presence

- Managing Director GMDC Sh. Roopwant Singh, IAS has presented wonderful insights in a session organized by Ministry of Mines, Government of India on Critical Minerals, in 4<sup>th</sup> meeting of Inter Ministerial Group. The session reflected India's growing R&D ecosystem working towards strategic mineral independence.

## Employee Engagement

- **Cricket Match at Umarsar Lignite Project**

Cricket promotes teamwork and collaboration, helping employees bond and improve their interpersonal relationships. A Friendly cricket match was organized between GMDC employees and Contractors Employees at Umarsar Lignite Mine. It enhances employee morale and engagement, making the workplace more enjoyable and dynamic.

- **Fitness training at Kadipani Flouspar Project, Ambadungar**

Healthy employees tend to be more energetic, focused and efficient at work. Group fitness activities hence encourages collaboration and camaraderie among employees.

A fitness session was organized at Kadipani Flouspar Project, Ambadungar for its employees. GMDC believes that regular fitness sessions help employees stay healthy, reducing the risk of illness and absenteeism focusing an overall employee well-being, boosting morale and loyalty.
